COMPOUND SYRUP OF
Sarsaparilla and Pipsissewa,

...Prepared only by

ALBERT EMERSON,

DRUGGIST AND APOTHECARY

Apothecaries' Hall, 4 Smith's Block, BANGOR

THIS article is confidently recommended as a cure for all diseases arising from an impure state of the Blood such as *Scrofula Salt Rheum Syphilitic and Mercurial Diseases Ulcerous Sores Pimples, and Diseases of the Skin generally* This Syrup is highly approved by the Medical Faculty and is recommended as an internal remedy only for the purpose of an alterative, or as some would express the same thing to purify and renovate the system in all long standing diseases where the fluids of the body have become vitiated

Pipsissewa (the *Chimaphila Umbellata* or *Pyrola Umbellata* as it is variously called by Botanists) was first employed medicinally by the Aborigines of America, and was first introduced to the notice of the medical profession in 1803 by the late eminent Physician Dr S L Mitchell of New York Dr Pereira of London says that it is an alterative in Scrofula and in other chronic diseases— it is generally supposed to possess a most specific power, and Dr Paris of London speaks of a practitioner who relies wholly for success upon Pipsissewa, by which he is enabled to cure Scrofula in its worst forms

When taken into the stomach it acts as a tonic producing an agreeable sensation and assisting the appetite and digestive process it promotes the action of the secreting organs more especially the Kidneys over which indeed it appears to exercise a specific influence In order to insure essentially the benefit derived from Sarsaparilla, we have most admirably combined the Pipsissewa with it so that its tonic and diuretic qualities will materially promote the good effects of Sarsaparilla

A PRIME ARTICLE, ... for sale by ... Druggist.

DR. CUMMINGS'S
Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine With these, others of vegetable origin are combined designed to render them more active and consequently more immediately effective

The Dock or rather a species of it now ranks as a medicinal plant second to no one of the vegetable kingdom With the aid of a distinguished chemist whom the proprietor has consulted in the preparation of the compound he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them Recently he conceived the idea of uniting them which has resulted in the production of the compound In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess

A larger portion of Sarsaparilla is soluble than has generally been supposed The extract most to be relied on and least liable to decomposition is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues for a long time without heat or any other accelerating agent None is permitted to be used in the compound that has not been obtained by this process and that has been less than a year in preparation

The Compound is recommended for Scrofulas Erysipelas, Ulcerous affections Eruptions and Mercurial diseases Also for the numerous maladies arising from sedentary employments occupations of a harassing and fatiguing nature intense application, exposures to extremes of heat and cold, overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles Affection of the Liver Bilious Complaints and Dyspepsia or Indigestion

In diseases of warm climates with which the proprietor become familiar in his practice in Havana some years since the compound will prove particularly efficacious both as a remedy and a preventative

This medicine has been for some time in use in this city where the proprietor has practised nearly half a century of his professional life It was extensively prescribed by him while in practice and it is believed to be in favor with his medical brethren in general to whom he is known

NEW AND Important Discovery

GRAY HAIR can be restored to its original color whether Auburn Brown or Black Sandy, Light or Red Hair can be matched with any darker shade surpassing in beauty even the most natural looks restoring the gloss and softness of the original Hair by using O M Ballard's

Permanent Liquid Hair Dye,

Of one preparation which is entirely different from all other preparations of Hair Dye now before the public It *is free from all injurious properties which can be tested* by taking a lock of the hair and most delicate Hair of an infant and ... with the Dye which *will not impair its gloss* or its texture in the slightest degree, which is the best evidence that can be given that it is not injurious On the contrary it *improves the lustre* of the Hair, promotes its growth and prevents it from falling out and unlike other preparations (after the Hair is colored and dry) will not crock, fade or wash out

In short from its peculiar efficacy softness and easy application it is worthy the attention of all who may wish to improve the color of the Hair or it will make any shade from a white to a jet black It is now used by ... alike by ... whose hair have prematurely turned gray and others whose Hair is of no desirable color which they ... change for a beautiful Auburn Brown or Black, with the ... oral preparation or the ... trouble

The Great Remedy for Gonorrhoea

GLEET, Stricture and all analagous complaints is Dr DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practiced in the principal cities in the Union, during the last 40 years His only reason for introducing the Paste in this public manner is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared and the patients were discharged, entirely cured

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at at the present time

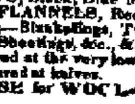

☞In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes

For sale only by the original inventor and sole proprietor Dr PETER G DOUGLASS at his Office, No 55 Union street, Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

CAUTION — The astonishing success of Dilow's Heave Cure for the last two years in the U States has induced divers persons to imitate and counterfeit it and even go so far as to caution the public against it and endeavor to palm off their nostrums as the only genuine article We declare that "Dilow's Heave Cure" is the first article of the kind ever introduced into the United States and we hereby offer the sum of *one thousand dollars* to any person who will prove to the contrary. Consequently all others must be imitations

☞ The fact that every Whig vote thrown for Martin Van Buren is, in effect, half a vote for Gen Cass has been sufficient to cause Horace Greeley, Esq, the editor of the N Y Tribune to give his influence to Gen Taylor

The fact that every Whig vote withheld from the ballot box on the choice of Electors, is in effect half a vote for Gen Cass has been sufficient to cause Hon John M Botts, of Virginia, to declare that he shall give his vote for Gen Taylor

These facts every Whig should consider, and let them have their full weight in determining as to his course Upon the subject of slavery extension, Gen Cass is known to be with the … while he is so fiercely disposed to the general, and rapid acquisition of territory, and so defiant to all matters regarding our foreign relations that he is justly considered a very dangerous man to place in the Executive chair — He believes the Protective policy to be fraudulent—he regards Internal Improvements as the mere project of speculators—he condemns Land Distribution as wasteful—and esteems the subtreasury as the highest financial wisdom, and the Locofoco party as of more consequence than the country He will follow in the foot steps of Mr Polk in administering the government in reference to the views and wishes of his party, rather than for the good of the country

There is no possible way, now, of defeating Gen Cass, but by electing Gen Taylor, The path of duty then, as well as of safety, requires every Whig to vote for Gen Taylor, since he in accordance with the true spirit and principles of our government, will leave legislation to Congress, instead of controlling it either by the veto, or the patronage of his office

Let no Whig neglect to examine this matter, and to act in such manner as shall secure the result which come the nearest to those he desires, if it be so that his every wish cannot be gratified Remember the real issue is between Taylor and Cass

☞ On Saturday last as the steamer Governor was returning to this city from Boston, an amusing incident occured An aged gentleman, not exactly feeling like taking breakfast with the company, but at the same time wishing to eat an apple, and in passing the large mirror in the saloon and seeing, as he supposed, several persons in another room, and among them an old gentleman of an interesting countenance, who appeared to approach him he ventured to ask, 'Have you any apples?' The person whom he addressed seemed to be listening as though he did not exactly understand the question, when the interrogator inquired in a louder tone, '*Have you any apples, Sir?*' But still the person addressed made no answer, and betrayed some little uneasiness as he gazed with a half nervous, half benevolent anxiety, and appeared to lean forward as if to assure himself that he understood the matter, when the questioner determined to settle the business at once, spoke out sharply, 'HAVE YOU ANY APPLES IN THERE, SIR?' This brought down a hearty laugh from the spectators, and at the same moment the venerable apple seeker discovered that he had been all the while addressing the reflection of his own person, and he turned away in ludicrous confusion and surprise

☞ Wonderful indeed, have been the recent reports of the quantities of gold found in California, and the whole population there are represented as having forsaken all their ordinary pursuits, in searching for gold, until starvation begins to stare them in the face, although they find fortunes in a day The infection has even reached this country, and expeditions are talked of, and in some instances, we believe, have been commenced

That there might have been found in some locality, large quantities of gold in California, is quite possible, because all through the gold regions there, such discoveries, at times happen We have recently conversed with a merchant who was for several years stationed on the coast and who was familiar with such matters Upon such discoveries, the people generally became excitable and rushed to the vicinity, but not until the gold had run out and the rare and fortunate operators had secured the prize. A vast number invariably returned impoverished, and sometimes almost starved, begging their way home So he thinks it will be in this case

☞ A letter dated Canaan, N H September 23d, says —"The first snow of the season came off with great gusto last evening Old Cardigan, and the woods and fields around, are completely clothed in white robes. The weather has been cold and rainy for several days. The Mercury stands at 48 deg on the North side of our building Very cold for the season.

Glenburn Cattle Show To-morrow.

The East Glenburn Farmers Club will hold their annual Cattle Show at East Glenburn, to-morrow Great efforts have been made for a good show of productions, manufactures, fruits, cattle, implements, &c A large company is expected to be present, and speeches will be made by Gov Kent, Thornton McGaw, Esq, and several others The exhibition will take place near the well known Pushaw House, and will be well worth an examination

☞ The Loco papers when the volunteers were enlisting for service in the Mexican war insisted that nearly all of them were Democrats and scouted the idea of their being Whigs These same papers now represent that about all the volunteers that went out were Whigs and some of them that have returned will vote for Gen Cass! The readers of such papers should have short memories in order not to be disturbed by their inconsistent statements

The fact about it probably is that the returned volunteers who were under the gallant patriot Gen TAYLOR will give him their votes Major Weston, in this vicinity, is an example of a Democratic officer under Taylor now enthusiastic in his favor

Western Skies Bright.

The Indiana Journal has conversed with a very intelligent gentleman who has travelled extensively throughout the States of Wisconsin, Iowa, and Illinois, who gives it as his deliberate opinion that Taylor will carry all these States The Van Buren wing of the Democracy in all that region is very strong

☞ The Buffalo Advertiser states that a Yankee has recently invented an article that will be the delight of every housekeeper It is 'Cheever's Patent Fire Kindler" It is a neat little cake of highly combustible materials marked into ten lesser squares, each of these divisions is amply sufficient to kindle a coal fire as it burns with a strong steady flame for some twenty minutes

Printer's Error,

☞ Frederick Douglass the colored lecturer, has written an address to the colored race of the country, in which he gives the following seasonable and excellent advice.

Every blow of the sledge hammer, wielded by a sable arm, is a powerful blow in support of our cause Every colored mechanic is by virtue of circumstances, an elevator of his race — Every house built by black men, is a strong tower against the allied hosts of prejudice It is impossible for us to attach too much importance to this subject Trades are important — Wherever a man may be thrown by misfortune, if he has in his hands a useful trade, he is useful to his fellow man, and will be esteemed accordingly, and of all men in the world who need trades, we are the most needy

Understand this, that independence is an essential condition of respectability To be dependent, is to be degraded Men may indeed pity us, but they cannot respect us We do not mean that we can become entirely independent of all men, that would be absurd and impossible in the social state But we mean that we must become equally independent with other members of the community That other members of the community shall be as dependent upon us as we upon them That such is not now the case, is too plain to need an argument

Let us entreat you to turn your attention to agriculture Go to farming Be tillers of the soil On this point we could say much, but the time and space will not permit Our cities are overrun with menial laborers, while the country is eloquently pleading for the hand of industry to till her soil and reap the reward of honest labor We beg and entreat you to save your money—live economically—dispense with finery, and the gaieties which have rendered us proverbial, and save your money Not for the senseless purpose of being better off than your neighbor, but that you may be able to educate your children, and render your share to the common stock of prosperity and happiness around you It is plain that the equality which we aim to accomplish, can only be achieved by us, when we can do for others, just what others can do for us. We should therefore, press into all the traces, professions and callings into which honorable white men press.

Gov Poindexter and Gen. Taylor.

Last winter we happened to be at the Capitol of the State of Mississippi, during the session of the Democratic Convention, at that place, and among the most conspicuous and honored attendants on that body was Gov Poindexter, formerly a distinguished Senator in Congress from that State He was there looked upon as one of the great lights of Locofocoism. Recently he has published a very long address to the people of Mississippi, advocating the election of Gen Taylor. The address is written with great ability and point, and is admirably calculated to promote the object for which it was written. The Governor published the whole at his own expense and has circulated 3000 copies gratuitously.—Hernando Journal.

THE TAYLOR BARBECUE.

Gen Taylor's Address.

[Editorial Correspondence of the Picayune]

PASS CHRISTIAN, Sept 17, 1848

The following were the remarks of General Taylor, in reply to the address by the Hon John Henderson

"It is with emotions of no ordinary embarrassment, Mr Speaker, that I find myself called upon to respond to the cordial reception with which I have been met by the authorities of Pass Christian and the citizens of Harrison County I cannot, indeed, expect to do justice to the occasion, and feel especially less able to offer an adequate terms my acknowledgments for the very flattering language in which this greeting has been tendered by the talented citizen who has just addressed me I can only, therefore, offer you my warmest thanks, and assure you that the style of my reception here is particularly grateful to my feelings, This simple and republican manner of meeting my fellow citizens carries me back to the pleasant scenes of my early life I was reared from infancy to early manhood in the West—among men of the most primitive tastes and republican simplicity;

We there frequently met on occasions like this, to exchange freely our opinions on National and State affairs, and to devise measures for the defence of our borders, which, at that day, the General Government was sometimes unable to protect On those occasions were often collected, too, those men of iron hearts and iron nerves who had not only aided the Father of our Country in achieving our independence, and stood by his side in many of his hard fought battles, but who afterwards filled, with honor to our country, conspicuous places of our legislative bodies, both National and State I have been educated in the simple and republican habits so happily illustrated in this scene, and do not expect to change them in my old days You will then, understand me when I assure you again, that the manner of my reception here is more agreeable to my feelings and taste, than could be all the pomp and pageantry of a reception at the most splendid Court of Europe

The complimentary language in which you have been pleased to allude to my military services, which now embrace a period of more than forty years, and to the actions in which I have been engaged during that time, commencing with the defence of Fort Harrison, in 1812, and ending with the battle of Buena Vista, has awakened in me the most grateful emotions I feel particularly gratified at the just tribute of praise which you have paid, in speaking of, these services, to the gallant men whom I commanded on those occasions and to whom I feel deeply indebted for our success I claim nothing save the good fortune of being the leader of such men on the occasions referred to, and to their zeal in sustaining me, and to their bold hearts and strong arms, are we indebted for our victories The manner in which you have alluded to my being stripped of my troops on the Rio Grande, and to my being left, as it might seem, at the mercy of the enemy, just before the battle of Buena Vista, renders it proper probably that I should make a few remarks in relation to that matter

I received at Victoria, while on my way to Tampico— a movement which I had advised the War Department I should make, for certain reasons—an order from the General in Chief of the army, stripping me of the greatest portion of my command, and particularly of regular troops and volunteers well instructed This order was received by me with much surprise, and, I must confess, produced the strongest feelings of regret, mortification and disappointment, as I knew that Santa Anna was within striking distance of my line, with an army of 25 000 probably the best appointed men ever collected in Mexico

After putting most of the troops with me at Victoria *en route* for Tampico—the largest portion of the commands at Monterey and Saltillo having been already withdrawn for the same ultimate destination—I was instructed to return to the former place, where it was expected I could remain on the defensive, with the small force then under my orders A few days after reaching that point I learned that the greatest alarm prevailed among the advance at Saltillo, in consequence of the capture at Encarnacion of Majors Borland and Gaines, with their party of about eighty picked men from the Arkansas and Kentucky cavalry—followed a few days afterwards by the capture of a detachment of picked men under Capt Heady, also of the Kentucky cavalry

About the same time I received a communication from Gen Wool, then commanding at Saltillo, urging me to join with all the troops at my disposal, stating that Gen Santa Anna was at least preparing if he was not already en route, to strike a blow at Saltillo I immediately joined Gen Wool, with 700 or 800 men, and a few days afterwards concentrated all the troops, which were generally encamped by regiments and took my position at Agua Nueva, in order that all the officers might become better acquainted with each other and their duty and that generally a more thorough system of discipline and instruction could be adopted to prepare all hands for service While here, I was advised by the War Department and the General in Chief to occupy Monterey This advice I believed then, as I do now, was given at hazard, and in ignorance of my situation, of that of the enemy, and of the country I declined to adopt it, and decided to fight the Mexican General immediately after he had crossed the desert country which lay just in my front, and before he could have time to refresh and recruit his army, which I knew would be much worn out and disordered by a march of 150 miles across the desert without sufficient provisions and supplies, and with a great scarcity of water

In this determination, so far as I know, I was most cordially sustained by the officers of my command About two weeks after taking my position at Agua Nueva, it was ascertained by my advanced parties that Santa Anna was at hand with his army We then fell back to Buena Vista, a ranch some six miles in front of Saltillo, where we took up a strong position, and where we could easily communicate with our depot in the latter place Upon this ground I determined to give battle The enemy arrived in our front on the morning of the 22d, and summoned me to surrender at discretion about 1 o clock of the same day The summons was declined, and about 4 o clock on that day the battle of Buena Vista commenced The result of that affair is known to you all, and I shall not therefore, trouble you with its details.

All tried to discharge their duty to their country on that occasion, and some even did more than their duty. It would then perhaps be invidious to draw comparisons, but I must be permitted to say that, led on by their distinguished commander, the gallant Mississippi volunteers, of whom you have just spoken so highly and so justly, performed well their part They were the only volunteers with me who had met the enemy before—having acted as would become veteran troops in the conflicts about Monterey I therefore calculated much upon their assistance on that eventful day, and I am happy here to say that my expectations were fully realized Their ranks thinned by the enemy's bullets are much more conclusive as to their good conduct than anything that I could now say.

The battle of Buena Vista, under the circumstances under which it was fought, was one of the most trying occasions in which a soldier can be placed I may say, indeed, that I fought that battle with a halter upon my neck I had been advised to fall back upon Monterey, which as before stated, I declined, and had I been unsuccessful this advice would have been brought up in judgement against me I declined that advice because I believed the result would have been as disastrous as a defeat. Had I fallen back to Monterey, the whole country about me, upon which I was dependent for forage, would have flown to arms. Once confined in Monterey the volunteers to say nothing of the effects of the retreat upon them, would have become sickly and dispirited and deprived of all means of obtaining supplies, and particularly forage, I should soon have not had a dragoon or artillery horse in my command, and would therefore have been compelled ultimately to surrender, unless the siege could have been raised by the return of Gen Scott from Vera Cruz, with the troops under his command

The battle of Buena Vista was fought on our side by about 450 regular troops and something upwards of 4000 volunteers, while they were opposed by at least 20,000 of the enemy, and had we lost the day, I feel that the whole responsibility would have fallen upon my shoulders—Yet I do not wish here to censure those who placed us in that critical situation, whether they deserve blame or not I leave for others to determine Those who had control over my fate in this transaction may have friends here present in whose good opinion I would not harm them For my own part, I am satisfied to hope and believe it was all the result of accident rather than of design on their part

In conclusion, I beg to return to you, to my fellow citizens of Harrison county, and particularly to my fair countrywomen here assembled, my heartfelt thanks for their cordial reception which they have this day extended to me

WISTAR'S BALSAM OF WILD CHERRY

which beyond all doubt has reprieved many from almost equally sure death by lung complaints Mr Fowle, the proprietor, who deals in the article so largely—for proof—people will buy more of it—sends us the following note, which he has just received in the way of business

IRASBURGH, Vt, May 5, 1847

Mr S W Fowle—Dear Sir —I am nearly out of the Balsam of Wild Cherry, You may forward, if you please, two or three dozen more The medicine gives better satisfaction here in pulmonary complaints than any other I have kept I have tried it with perfect satisfaction upon myself—having been troubled with a severe cough for more than a year, and having profuse night sweats for the last month I had tried various popular medicines without material benefit, at length I tried Wistar's Balsam of Wild Cherry and before I had finished the first bottle I found great relief Two bottles have wrought a cure Yours respectfully,

CONSUMPTION.

There is, perhaps, no disease with which our country is effected, which sweeps off annually so many victims, as that fell destroyer of the human race—Consumption Day after day, year after year, the insatiate monster hurries to the portals of the cold and silent tomb fresh added victims to its conquest No walk of life is sacred from its blighting influence, No age is exempt from its death dealing shafts The old, the middle aged, and the young all alike, are food for this common enemy of mankind The white-haired patriarch, whose life of temperance has rendered his system impervious to the attacks of other ills, and whose good deeds prepared him for the enjoyment of life's calm evening finds Consumption fastening its fangs upon his vitals and tearing him from a world ever bright to minds which look complacently on days well spent

Is there no help for the afflicted? No preventative of the dangers which beset us in our changable and fickle clime We think there is And if the allegations of those who are least entitled to veracity may be believed, there is a preventative and a remedy

Wistar's Balsam of Wild Cherry is offered to a suffering world as such It needs not the "adventitious aid" of a long string of fictitious certificates to give it notoriety Its true value and intrinsic excellence are sufficient to entitle it to the confidence of the public, and to

THE AMERICAN AIR TIGHT COOKING STOVE Pierce's Patent manufactured by Bossm & Cox Troy, N Y

The aforesaid Patent having been fully established by the judgment of the Circuit Court of the United States at Boston we hereby give notice that GARDNER CHILSON of Boston, has the exclusive sale of said Stove for Massachusetts Rhode Island Maine and New Hampshire All infringements on said Patent will be promptly prosecuted JOHNSON & COX

Troy N Y July 1st, 1848

The American Air Tight Cooking Stove.

[illegible] is of the best Stove in use, why so many attempts to infringe upon it? This suit was brought to sustain the Patent and to stop the infringements, and after a most thorough legal investigation these rights were promptly decided fully sustaining this [illegible]

More than Ten Thousand of these Stoves are now in use The testimony of this multitude, the past year establishes the fact beyond a doubt that there are more good and useful qualities combined in this Stove than ever was or probably ever will be found in any other Stove The fire brick oven [illegible] great value in equalizing the heat around the oven absorbing the steam causing the bread to rise and bake light and quick—and giving real puddings &c that flavor of the house brick oven The kitchen for roasting in front is complete The summer arrangement for broiling frying boiling heating of irons &c is admirable—The great economy of fuel substantial construction and general good quality of this Stove is the cause of universal admiration

NOTICE.

WARMING AND VENTILATION on correct and philosophical principles as recommended adopted by a unanimous vote of the School Committee of the city of Boston as will be seen by their printed reports of 1847 and 48 which after being thoroughly tested in public and private buildings has been generally adopted in concurrence with the views of several other scientific committees and all other gentlemen whose experience has enabled them to become conversant with this method of warming and ventilating dwellings churches school houses hospitals factories stores &c with an abundant supply of fresh healthful warm air The fuel not being allowed to be burnt nor under any circumstances, consequently the oxygen in the air is not destroyed by coming in contact with red hot iron furnace pots or plates

It has abundantly proved itself to be a complete and perfect system

The subscriber having had the practical knowledge and experience in the construction and erection of these improvements from their commencement

Being the inventor of most of them, enables him to be correct in theory and practice

He will give his personal attention to the erection of his Brick Hot, Air Ventilating Furnace,—also his Portable Ventilating Furnace, Dr Clark's Boston School Stove, also, arranging the Ventilating flues and Ventilators in all parts of the United States—by addressing him at the Stove, Range, and Hot Air Ventilating Furnace Establishment. State of Maine.

HEAD QUARTERS,
Augusta, Sept 4, 1848

THE appointment of companies to the several divisions of the militia of Maine, according to the provisions of the law now in force, gives to the

1st division	26 companies

It will be seen by this law that divisions are allowed the term of two years to raise their quota of volunteers at the expiration of which on failing to furnish the number of companies to which they are entitled, other divisions will be authorized to raise them on petitioning to the commander in chief It is hoped that the martial spirit of our citizens has not become entirely extinct by the long suspension of active military service but that there still exists in our State those military and patriotic impulses that will ensure a willing and prompt return to duty and a vigorous organization in each division of the militia of Maine of all the force allowed by law

Independent companies already organized are invited to join the volunteer corps of our State, and whenever they indicate to this department their wish and determination to comply with the provisions of law they will be furnished with arms by the State

Our citizens generally are also invited to organize new companies with becoming promptitude petitions for which may be forwarded to the office of the Adjutant General

The State has now on hand a variety of muskets and rifles and in a few weeks will be in possession of nearly one thousand percussion rifles, of the latest and most approved model which will be subject to the order of companies first making application By the Commander in Chief,

PATENTS.

AMERICAN AND FOREIGN OFFICE,

And Agency of the U S Patent Office, Washington

22 State Street—Boston.

THE subscriber by appointment from the Commissioner of Patents is Agent of the U S Patent Office for receiving and forwarding to the same models specimens or manufactures to be patented, or deposited therein which will be sent free of expense and risk and with despatch He will prepare Caveats Specifications Assignments and all the necessary Papers and Drawings for Patents, will make researches into American and Foreign works to test the validity of inventions and render advice on legal and scientific matters respecting the same Patents secured in Europe and other countries

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents They also have the advantage of verbally explaining their inventions and of consulting in respect to them, matters, in general of paramount importance in order to obtain correct specifications and claims The experience of sixteen year's practice, an extensive collection of rare works decisions &c on mechanical subjects the Patent Laws and patents of different countries, collected at much expense during the long time this office has been established together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents assistance and information which in other respects might be difficult of attainment

MRS. E. KIDDER'S DYSENTERY CORDIAL,

—AN—

Immediate & Perfect Cure

—FOR—

CHOLERA MORBUS DYSENTERY DIARRHŒA SUMMER COMPLAINTS OF CHILDREN SEA SICKNESS GENERAL DEBILITY etc etc

WHERE this all powerful antidote is at hand Cholera Dysentery and Chronic Diarrhœa are no longer to be seriously feared or looked upon with terror—as this Cordial will most certainly cure the disease in the course of a very few hours if taken at the commencement

It has been before the public for more than sixteen years and was the first article made known to the public as an immediate and perfect remedy for these complaints It is sold extensively to every country and every climate and has itself proved every where proved the same—SURE TO CURE, even where the disease has advanced to the last stage The public may rest assured that it contains neither opium nor mineral substances or any thing that is in the least injurious to the constitution

Cholera and Common Cholera Morbus

This Cordial immediately checks the vomiting relieves the pains stops the Diarrhœa and restores the bowels to a perfectly regular and healthy state however severe the attack may be or however low the patient may have become it invariably restores

Severest cases of Dysentery,

are immediately counteracted the pains are allayed the bowels healed and consequently the bowels become perfectly regulated and restored in the short space of ten or twelve hours

Chronic Diarrhœa,

either in children or adults of months or years continuance are most readily cured with this Cordial notwithstanding they may be reduced to a mere skeleton, it immediately strengthens and shortly restores them to perfect health

Cholera Infantum

It has saved the lives of many thousand children when reduced to death's door by this complaint, it gives them immediate relief, and they very soon recover

Sea Sickness.

It is a most pleasant and desirable remedy for Sea Sickness It checks the vomiting and readily restores the patient It invariably checks vomiting produced from any cause whatever

Children that are Teething,

if inclined to Diarrhœa, should always be provided with this medicine, as it will keep the bowels regulated and keep off the Canker It is wholesome safe and pleasant to the taste and children are fond of it and will take it without trouble or dislike

For General Debility and Dyspepsia,

It is a most excellent restorative, giving a healthy tone to both the stomach and bowels and prevents food from pressing or disturbing the stomach

☞CAUTION.

Beware of those impositions which are daily palmed off upon the public bearing the name of my article which is CHOLERA MORBUS DYSENTERY AND DIARRHŒA CORDIAL which name imposters have borrowed Also they have copied my advertisements and circulatory addresses. Doubtless they have done this for the purpose of palming off their worthless articles at the expense and reputation of this original and most popular medicine that ever came before the public

Be sure that you obtain MRS E KIDDER'S Cholera Morbus Dysentery and Diarrhœa Cordial and you will get the only true and original article which has ever been held in the highest estimation by the public throughout the whole country

It is put up in bottles holding nearly a quart intended for family use and sold at One Dollar a bottle

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations and should be avoided.

NEVER DESPAIR OF LIFE!

KELLEY & CO'S
HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives Annually!!

10,000 CASES

Of SCROFULA cured by it this year and 5,000 Cases DYSPEPSIA and HUMORS of which proof can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use. It is put into the Bottle its FULL STRENGTH and power without reducing it and this is done for the special benefit of those who use it as it is objected to all other Sarsaparillas that they are Weak Clumsy [illegible] ted Sickish and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better Safer Surer and Cheaper than all others. THIS Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the [illegible] and REMOVES all the suffering that it is in the power of Human means to do. It cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from Impure Blood!

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill [illegible] CURED a case of Consumption with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for Diseases of the Lungs. [illegible] at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities and as is

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England [illegible]

Severest Scrofula and Humors,

[illegible]

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is, that it does a [illegible] with the patient or prolong his sufferings. But it first attacks the disease and stops it then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent. [illegible]

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made as the HEALING ARTS has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cured as they ought, hence it is that all the medicines which are used with the hope of Cure so invariably and entirely fail. But this Sarsaparilla is has the SPECIAL ability, to cure every Disease, Affliction, or Pain, which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles

WRIGHT'S INDIAN Vegetable PILLS

The same yesterday, to-day and forever.

Certificate from Col Tate editor of the Columbia Democrat Pa
OFFICE OF THE COLUMBIA DEMOCRAT, Bloomsburg Columbia Co Pa, March 4 1848

Dr William Wright—Dear Sir—I am one of the many whose aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines. Acting under this influence I have seldom resorted to the Pills. Last March when you commenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their benefits for myself and family, gave them a decided preference over every other preparation.

In every instance when afflicted with sick headache, or when the stream of life was encumbered with morbid humors, I found speedy relief from the use of your Pills. By taking from four to six on going to bed when indisposed I have always been restored to health without loss of time and without the expense of a physician. Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually, without disturbing the rest of the patient and in no case without producing even sickness at the stomach.
Respectfully, your friend &c
LEVI L TATE

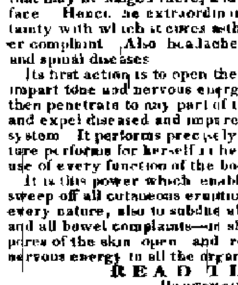

[From the Delaware Express Delhi N Y]
WRIGHT'S INDIAN VEGETABLE PILLS—Although not particularly friendly to patent medicines, we must confess that we have become a convert to these pills, having had an opportunity on one or two occasions to test their efficacy. For a gentle and [illegible] one or two will be found mild though effectual. Where bile or other impurities have accumulated and more thorough medicine is required a dose of three or four of these pills taken on going to bed will be found effectual in cleansing the stomach and restoring the bowels to a healthy state. We speak from experience, and take pleasure in commending the pills to the public

Look out for Counterfeits!

Some are coated with sugar, others are made to resemble, in outer appearance, the original article. The safest course is to purchase from the agents only, one or more of whom will be found in every town and county in the State.

M'Alister's All-Healing Ointment.

WHEN this Ointment is worn upon the chest and warmed into the feet it not only acts upon the organs of the chest, but the whole nervous system feels influence. It moves along the nerves and thus on its way to the liver, lungs, stomach and [illegible] imparting increased activity and energy to these organs while it separates and sets free every impurity or humor that may be lodged there, and expels it to the surface. Hence the extraordinary rapidity and certainty with which it cures asthma, coughs and liver complaint. Also headache, ague, consumption and spinal diseases

Its first action is to open the pores of the flesh, impart tone and nervous energy to the skin, and then penetrate to any part of the internal viscera, and expel diseased and impure particles from the system. It performs precisely in sickness what nature performs for herself in health, having the full use of every function of the body

It is this power which enables the ointment to sweep off all cutaneous eruptions and disease of every nature, also to subdue all inflammations, fevers and all bowel complaints—in short by keeping the pores of the skin open and restoring health and nervous energy to all the organs of the body

Mr James McAlister—Dear Sir—Having purchased a few bottles of your Hair Oil last summer I persuaded my sister who had lost her hair from some disease of the head, to try it. She had used Bogle's Hyperion Fluid and several other articles recommended for the hair without any beneficial results but after having used one of your Hair Oil a short time the hair began to make its appearance and she has now a fine head of hair

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR COLDS COUGHS, ASTHMA and CONSUMPTION

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases, still stands unrivalled and unsurpassed as the most elegant, agreeable and effectual curative of those formidable complaints, now known to the civilized world

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre eminent merit in all parts of the country, as the great and only RELIABLE REMEDY in the worst cases of Pulmonary disease and the best and most agreeable curative of all the slight forms of colds, cough and inflammations that can possibly be used

INCONTESTIBLE PROOFS
Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY

DR BRADLEE—Dear Sir The Hungarian Balsam is beyond all question a most perfect and admirable preparation for diseases of the Lungs. I have used it in my family and in my professional practice for more than two years with the most uniform and entire success in cases of severe Pulmonary disease, and I can conscientiously recommend it to all who are afflicted as the most certain remedy for such diseases with which I am acquainted. Yours respectfully,
FREDERIC T STORER M D

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM
[From the Christian Freeman]

While we repudiate quackery we are always pleased to give credit for that which is truly useful, and to give information which may benefit others. A few days ago a brother of ours, from Norway Me, came into our office in comfortable health whom we did not expect to see again on earth. We received a letter a few weeks since, from an elder brother resident in the house with him saying that he was confined to his bed and could not [illegible] upon [illegible] time. Judge then of our surprise when we saw him enter our office. He has a slight cough remaining as it would be natural [illegible] have until he has had further time for acquiring strength of lungs. But he is in comfortable health. The following letter which he addresses to the general Boston Agent for the medicine which has restored him so wonderfully will show what medicine has been the instrument of the good work

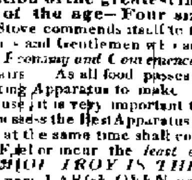

Boston Feb 16 1847
Dr D F Bradlee—Sir —I cannot refrain from saying a word to you in commendation of Buchan's Hungarian Balsam of Life. Here is a plain statement of facts in relation to my case and if they are of any service in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful!

My residence is Norway Me. Three years ago last fall I took a violent cold which left a cough of the most aggravated kind, accompanied by a severe pain in the left side. I at June I had become so feeble that I was obliged to quit all work and was confined to the house until about four weeks since. During that time I received the best medical attendance and tried nearly all the medicines which are recommended in such cases, but could find no relief, but grew worse, and for the last three weeks was confined to my bed. Two of my physicians gave me up as past recovery. But as fortune would have it I heard of the Hungarian Balsam and immediately procured a bottle. This gave me instant relief, and six bottles have broken up my cough and placed me in a fair way to resume with advancing health, my usual occupation

BE WISE TO-DAY
Delay in any case of Consumptive tendency, is emphatically Death [illegible] ordinary treatment. The Hungarian Balsam is a great ANTIDOTE as well as CURATIVE. If you have any symptoms above described [illegible]

PRIAM OF TROY

AIR TIGHT COOKING STOVE,
IMPROVED FOR 1848.

Combination of the greatest improvements of the age—Four sizes.

THIS Stove commends itself to the attention of Ladies and Gentlemen who are interested in combining Economy and Convenience with their Domestic Affairs. As all food passes the ordeal of some Cooking Apparatus to make it palatable or proper for use, it is very important that every family should possess the Best Apparatus for this purpose and which at the same time shall consume the least amount of Fuel or incur the least expense. The

PRIAM OF TROY IS THE STOVE

first has a very LARGE OVEN probably as large as in any (equal size) Stove ever offered to the public which is heated quickly and perfectly even by means of Deep Hollow Grooves, in the back and bottom of the Oven, exposing from three to four hundred square inches more surface to the Oven than can be done by a plain surface. Consequently a very Small amount of fuel being arranged in this Air Tight Stove, and applied to the Oven renders it one of the BEST BAKING OVENS to be found in New England

There is a Set of large Rims or Rings connected with the Stove so that our Farmers and all who wish to use large Brass or Iron Kettles or any kind of old fashioned Ware, holding from one to ten pails can do it at their pleasure. The whole Stove is regulated by means of only ONE DAMPER is neat in its appearance and in fact is one of the best Companions for the Kitchen now in use, as thousands who now have them will testify

FARMING AND WOOD LAND,
FOR SALE.

ONE HUNDRED and forty or fifty acres of good LAND, about two miles East of Broadway, in Bangor, on the new County Road to Orono and in sight of Coombs Mills. The great and increasing demand for wood in this city, makes it a greater object for farming as the hauling of the wood prepares the land for cultivation.

The land will be sold in quantities to suit purchasers. A few years will enable those who secure even small lots of land so near, how to appreciate the advantages.
